Svenska Pappersbruket AB, Klippan Mill invests in a new paper machine

Svenska Pappersbruket AB in Klippan, Sweden invests in a new tissue machine with an annual capacity of 30.000 MT, start up planned for Q2 2019. Supplier will be Recard S.P.A., Italy.

The mill is a big producer of colored tissue base paper reels and supplies to customers worldwide. The investment will further strengthen the mill's position as the production will quadruple. Tissue from Klippan Mill is used mainly for napkin production.

The decided investment of 150 million SEK will mean new recruitments of about 20-25 people.
