

2023

KLIPPANS BRUK
450 YEARS OF PAPERMAKING
1573-2023

A decorative graphic on the left side of the page features a vertical column of colored circles in shades of blue, green, purple, red, orange, and yellow. To the right of this column is a large, fan-shaped graphic made of numerous overlapping, semi-transparent paper strips in various colors, including green, blue, purple, pink, orange, and yellow, creating a sense of depth and movement.

Happy Anniversary – we celebrate 450 years of papermaking!

This year is a very special year for us here at Klippans Bruk.

During 2023 we celebrate 450 years of papermaking here at the mill and that we are one of the oldest still active papermills in the world! We have been producing paper at this same location since 1632, although the roots go as far back as 1573!

For 450 years the business has been characterised by innovation, expertise and great flexibility - and it still applies today! One of the reasons for the mill's success is our staff, in past times as well as today. We are 55 loyal, well-skilled and flexible men and women at a modern specialist papermill that are entirely devoted to manufacturing tissue paper for the whole world!

You are writing history!

Another reason we are celebrating 450 years of papermaking is you!

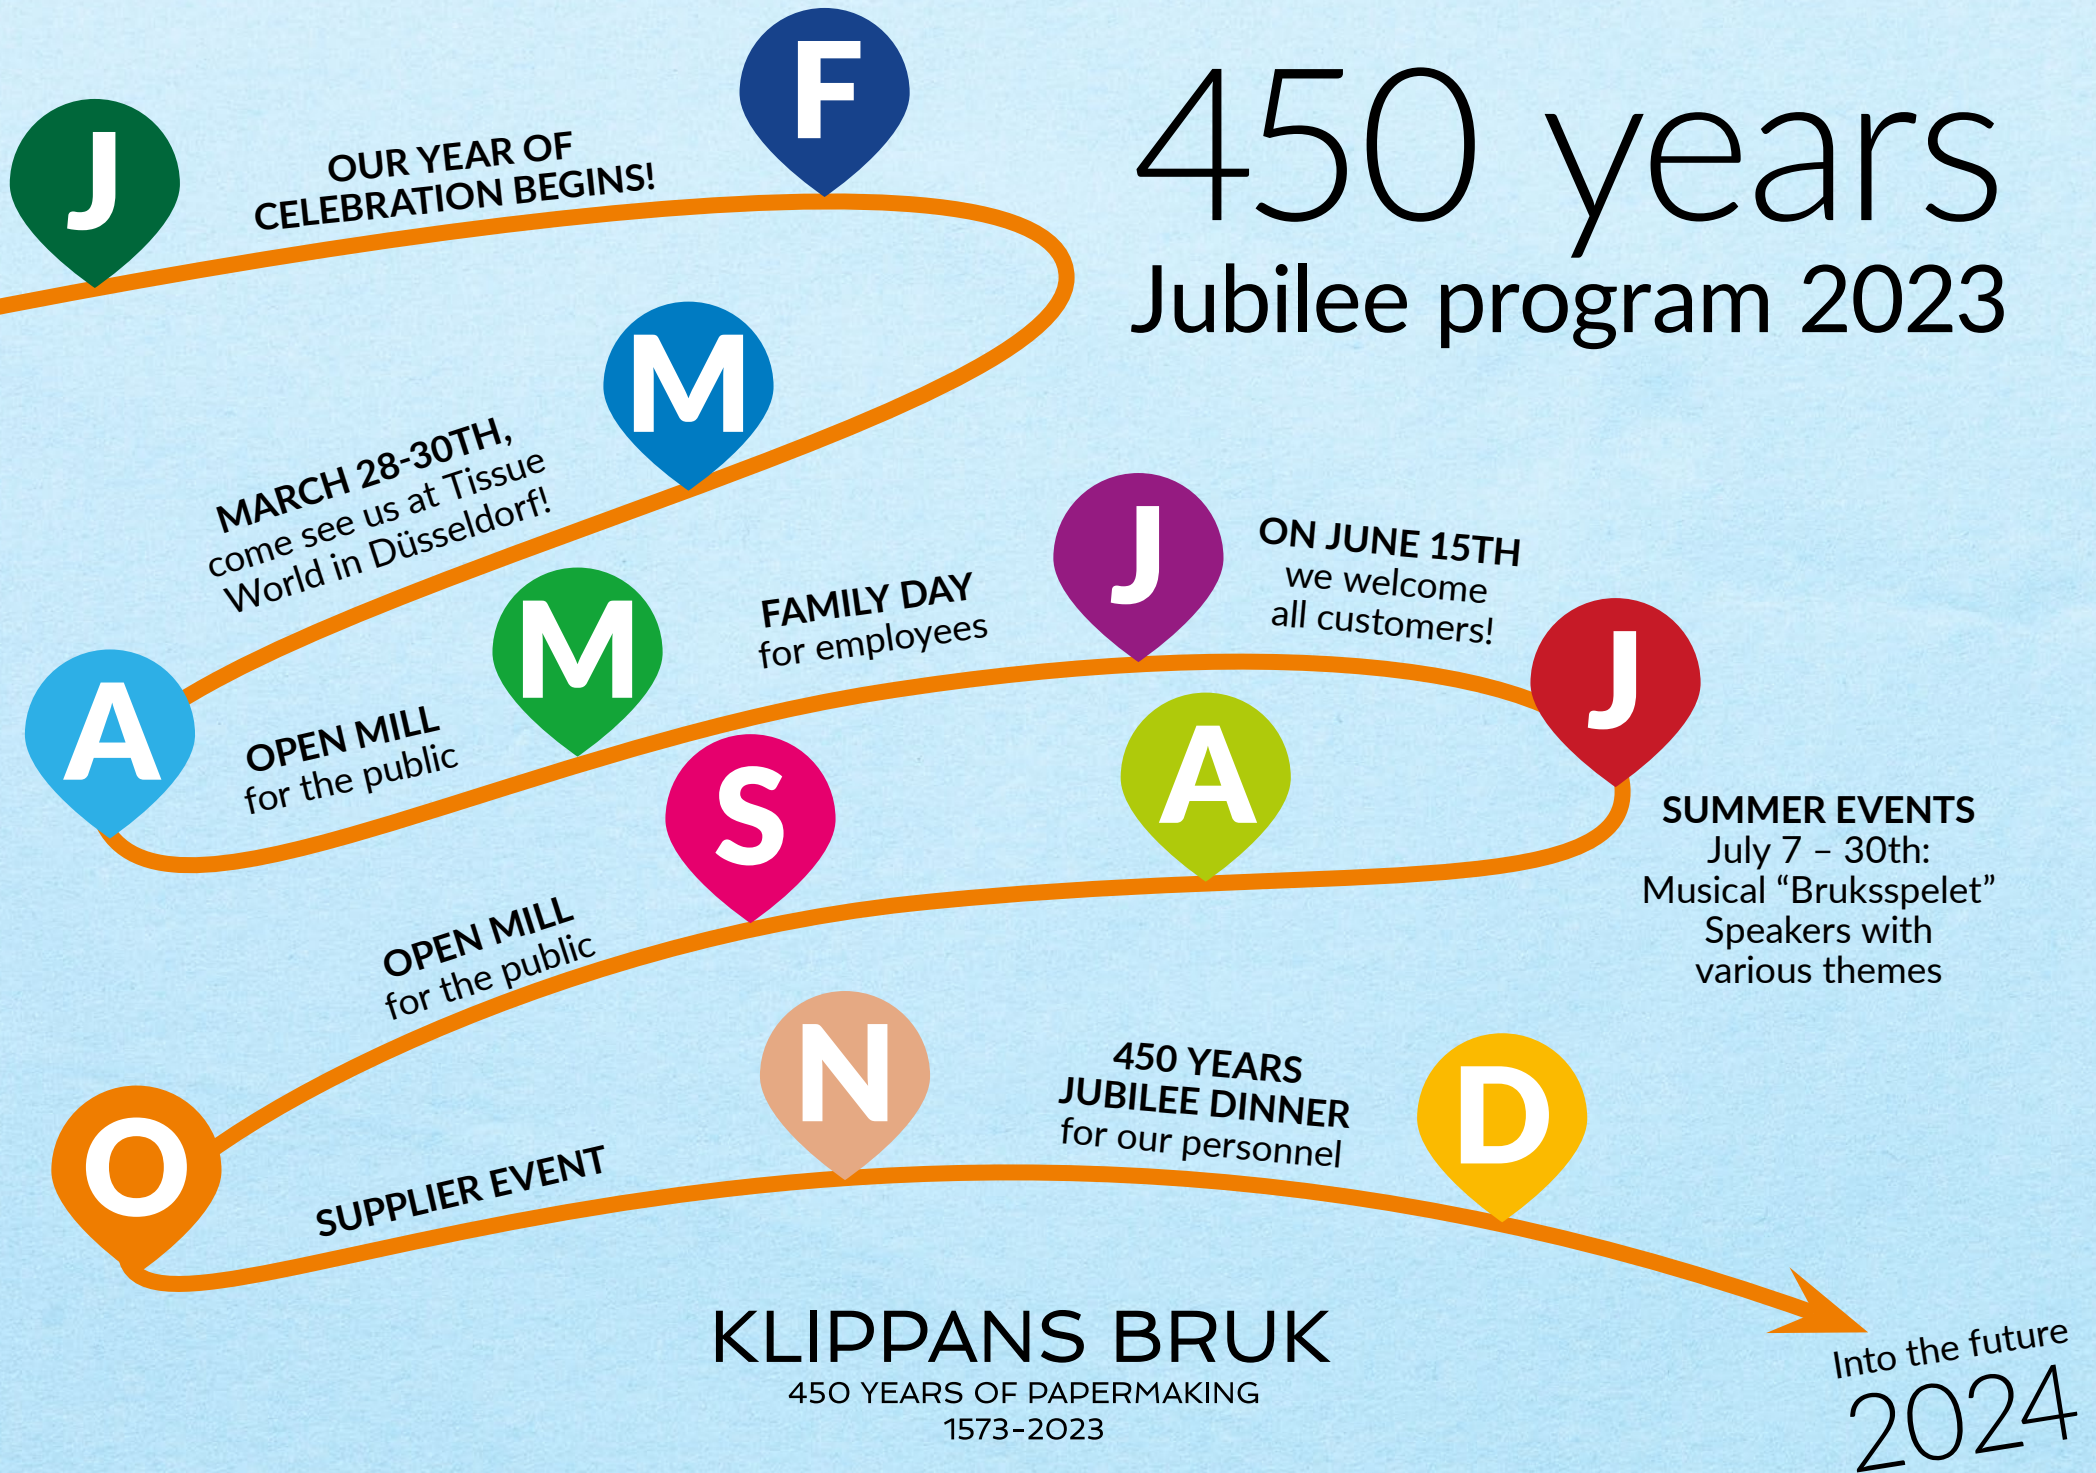

Buying your reels of tissue from Klippans Bruk means you are not only sourcing your material from a company that is providing a high quality product, you are also a big part of our long and proud mill history and family!

We are proud of having you as customer! As an expert in converting reels into serviettes and medical products you get a high-quality white and deep-coloured tissue from one of the world's leading manufacturers. We are determined to offer you the best service possible and together we build a long-term relation for the future! 450 years is just the start...

Help us make 2023 a year to remember!

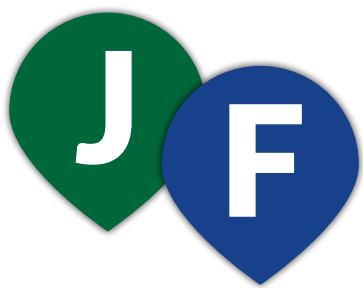

During 2023 we offer you the opportunity to come and visit the mill, meet our staff, see our production and enjoy the surroundings of the mill! Check our website for events. www.klippansbruk.se

450 years Jubilee program 2023

January

6	6	7	8	9	10	11	12
7	13	14	15	16	17	18	19
8	20	21	22	23	24	25	26
9	27	28	1	2	3	4	5

Klippan was first in Scandinavia!
In 1832 the first papermachine was
installed. It was in production until
the 1980's. We keep investing and
in 2019 we installed our latest
papermachine, no 11.

43	23	24	25	26	27	28	29
44	30	31	1	2	3	4	5

The mill was very much involved when the railway came. The mill owner gave his permission to use the name "Klippan", provided there was a station building made of bricks from his factory and a track down to the mill.

Photographer Axel Blomgren

November

51	18	19	20	21	22	23	24
52	25 OFFICE CLOSED	26 OFFICE CLOSED	27	28	29	30	31

The mill dates to 1573 and a papermill further upstream. In 1632 the mill moved to the current location. The oldest remaining is from the 1700's. The mill eventually gave name to the town, Klippan.

Certificates

Certification ensures that the production process complies with uniform standards thus making the final product eligible for safe international trade. It is not until a manufacturer meets needed standards and fulfills all the prerequisites that a certificate can be issued.

We place big emphasis on responsible management of resources, safety regulations and environmental responsibility.

ISEGA
Certificate of
compliance.

FSC
Helps take care
of forests for
future generations.
On request.

EU Ecolabel
EU Ecolabel is a
voluntary label
that promotes
environmental
excellence.
On request.

Nordic Swan
The Nordic Swan
or "Svanen",
official ecolabel
of the Nordics.
On request.

ISO 9001:2015
Certification
that indicates
implementation
of quality man-
agement system,
which guarantees
efficiency and
customer
satisfaction.

ISO 14001:2015
Certification that
assures environ-
mental impact of
our production is
both monitored
and well-managed.
